

From SLO reporting forms: Do you have any comments or suggestions about the process? (optional)

1A online

- I'm wondering how to set criteria for "exceeded" with this SLO?
- Hey Greg. I had 5 students who did not complete the SLO assignment. They are not counted in the above number. I hope that's ok. Thanks.

1A face-to-face (no co-req)

- I am including the grades of students who did not submit essays in the "DID NOT MEET" #
- Students who did not meet criteria struggled to complete assignments and missed class often, although continued to attend.
- Did not count students who made no attempt.

1A (with co-req)

- I included those who did not turn in the assignment in the "does not meet"--there were 11 of them. So, I'm wondering if we could discuss a protocol for this? Should we include this in our numbers or not? Also, I was not clear on how to assess the difference between "meets" and "exceeds" on this SLO, so maybe we should discuss that too.
- Students who did not meet criteria for success either quit coming to class or have language development issues.
- 5 students who did not meet criteria showed effort but need another semester to master skills/ 3 students failed to complete the course after the drop deadline

10

- Students who did not meet the criteria for success either have language development issues or stopped coming to class.
- Most students who succeeded in the co-req but weren't able to pass 1A have gained students skills that will help them succeed in 1A in future

There were no comments in any of the other courses.
